

**NOTICE OF CLAIM DETERMINATIONS ARE ROLLING IN!**

**MAY, 2009**

By now, most people were aware of the January 12, 2009 Proof of Claim deadline to submit claims to the Receiver. Since May 1, 2009, the Builder Team at Cureton Clark, P.C. has been receiving Notice of Claim Determinations from the Receiver's Office, which said notice contains personal builder claim numbers and states whether each particular claim is accepted or rejected and provides for the respective amount. The notice also contains an appeals mechanism whereby builders who challenge the Receiver's findings might do so.

Noticeably absent, however, is any information regarding when our builders might expect to receive the money they have waited so long to receive. This is obviously the most important issue for our builders, which is why the Builder Teams has made it their top priority to address with the Receiver. If the Receiver does not provide a timeline for distribution of funds in the very near future, court involvement might be necessary.
